# LED HIGH BAY HB2210-130S

## 🛯 🐨 🍯 CE CB

- · Convenient maintenance with external driver
- · Clamping Technology applied LED high bay
- · High luminous efficacy (150 lm/w)
- · LED replacement for MH 400 W with 68% electricity saving
- · Various cover options and mounting options are available
- $\cdot\,$  Various beam angle are available with cover lens
- · Ultraviolet free, no mercury and lead-free RoHS Compliance

### **FICEPIPE HEATSINK**

#### ┌ Highly Efficient ICEPIPE heatsink

ICEPIPE heatsink was created by our patented Fluid Dynamic Pressure Technology, which enables heat dissipation 200 times faster (40,000  $W/m \cdot K$ ) than that of conventional aluminum (Al) heatsink. Liquid circulation takes place inside the pipe, traveling through the coil and cooling down heat from the LEDs in the most efficient way.

#### 

- Do not use with direct current and ballast.
- Do not install the lamp in an enclosed place.
- Do not install on any other shade that is not provided by ICEPIPE.
- Please follow the recommended daily operating hours.
- Please read the instruction manual carefully before installation.

\* Please refer to our full warranty terms and contact your sales representative for details.
